DON'T JUST TAKE OUR WORD FOR IT...

HERE ARE JUST SOME OF THE COMMENTS FROM PARTICIPANTS IN THE 2020 HEALTH & SOCIAL CARE AWARDS

'It was a very good night. I thought it was excellent. It really was remarkable the effort that was put in and the professionalism. It let in some real light in quite a difficult time. It was remarkable that the awards went ahead and were delivered in such a professional manner. It was nice to have some of those endorsements, and it did a great job recognising staff in the sector.'

Euan McPherson (winner and head of S4IL)

"Served its purpose well in raising the profile of care workers and recognising and celebrating the great work they do across the county in serving the community. I felt the video runs for just the right length of time to deliver what it needs to whilst keeping people's attention. In the absence of a black-tie event I'll definitely be supporting this again in 2021!"

Helen Gordon (finalist and sponsor)

"It was very well done. Lots of our staff were tuning in to watch but some of them were working, so they have been catching up by watching it later. When we won they were calling and Facetimeing. The awards were timed just right and I'm really glad they went ahead. Our clients and our staff really wanted to take part and nominate people as a sign of appreciation. I think it was really great."

Hattie Hayes (winner and sponsor)

"It was so lovely. It would have been the easy option to cancel the awards because of Covid, but care staff deserve to be recognised. As a carer it's made me feel extra special that it went ahead at such a tough time for everyone – and it was done beautifully – just right."

Amanda Merrett (Care Hero winner)

The judges will want to hear how they overcame the challenges presented and made a real difference.

The Care Hero Award

This award recognises all our care workers in Pembrokeshire, who make a difference to people's lives every day and this award celebrates that. Do you know a care worker who has worked hard to enable someone to live an independent, safe and fulfilled life? Have they helped to change someone's life for the better? It is these everyday stories about how our care workers make a difference (big or small) that the judges want to hear.

The Mental Health Award

This award is open to a department or individual carer/nurse/doctor who specialises in the care and treatment of mental health in Pembrokeshire.
